We have carefully compiled this list of approved yarns for our knitters & crocheters. All approved yarns have been tested and proven to be washable, stay soft after air drying, breathable, durable, the correct weight & make beautiful knockers. Our challenge has always been to identify yarns that are preferred by our recipients, available & affordable. The list has over 30 choices that can be purchased at local yarn stores, online or at "Big Box" stores at a variety of price points. The cost per average sized knocker using these yarns can vary from about \$1.20 to \$3.00 per knocker. Very affordable when you think about the difference it makes to the women who wear them!

For the wearer, it is crucial that the knocker fiber not exacerbate a highly sensitive part of a woman's body that may have already suffered from surgical scarring, nerve damage, and possible radiation burns. To minimize the chances of this happening we ask that knitters & crocheters choose a yarn that we've already tested & know that every knocker created will be gratefully received & loved by the wearer. We receive constant affirmation that these ladies truly appreciate the time & talent that a caring volunteer took to make these for them. Check out some testimonials from grateful recipients if you ever want to remind yourself that what you are doing is making a difference! <http://www.knittedknockers.org/testimonials/>.

Please do not size, add tags, stitch or pin together. We size after stuffing.

If stuffing, use a high-quality poly fiber fill. Slightly overstuff and leave the back open for adjustment. We use Premium Poly Fiber Fil™ made by Fairfield and found at Michael's & Walmart.

Yarns no longer on the list may have been discontinued. Knockers made with discontinued yarn would still be accepted if the brand appears on an Approved Yarns list prior 10/3/23.
